**West Jefferson Medical Center Earns 'A' Grade
for Patient Safety in Spring 2016 Hospital Safety Score**

(Marrero, LA, May 9, 2016) – New [Hospital Safety Scores](#), which assign A, B, C, D and F letter grades to hospitals nationwide and provide the most complete picture of patient safety in the U.S. health care system, were announced by [The Leapfrog Group](#), a national patient safety watchdog. **West Jefferson received an A, ranking it among the safest hospitals in the United States.**

“West Jefferson’s ‘A’ rating from The Leapfrog Group is a testament to our continued commitment in putting our patients’ safety first,” said Nancy R. Cassagne, CEO of West Jefferson Medical Center. “I would like to thank all of our physicians, nurses and staff who work diligently every day to ensure that we’re providing a safe environment and the best care possible to our patients and our community.”

“Avoidable deaths in hospitals should be the number one concern of our health care leaders. Hospitals that earn an ‘A’ from Leapfrog are leaders in saving lives, and we commend them and urge their continued vigilance,” said Leah Binder, president and CEO of The Leapfrog Group.

Developed under the guidance of Leapfrog’s Blue Ribbon Expert Panel, the Hospital Safety Score uses 30 measures of publicly available hospital safety data to assign A, B, C, D and F grades to more than 2,500 U.S. hospitals twice per year. It is calculated by top patient safety experts, peer-reviewed, fully transparent and free to the public. For the first time, the Hospital Safety Score includes five measures of patient-reported experience with the hospital as well as two of the most common infections, C.diff and MRSA. To see West Jefferson’s full score, and to access consumer-friendly tips for patients and loved ones visiting the hospital, visit www.hospitalsafetyscore.org or follow The Hospital Safety Score on [Twitter](#) or [Facebook](#). Consumers can also download the free Hospital Safety Score mobile app for Apple and Android devices.
