

Dear Patient:

Personal representatives are people who you have given permission to speak for you or make calls on your behalf when you receive healthcare related services. This may be a family member, a neighbor or a friend. If you are going to ask someone to be your personal representative, then a signed authorization form will need to be on file.

Without a signed "Designation of Personal Representative" form that grants your permission, our office will not be allowed to talk about or release any information to anyone other than yourself. You may ask for our form or you may have a more formal legal document in place.

Thank you in advance for your cooperation and for choosing The Family Doctors. If you have any questions regarding our office policies, please contact us and we will be happy to assist you. We look forward to working in partnership with you to meet your healthcare needs.

Sincerely,

Your Family Doctors Physicians and Staff
